ISM & REWAD PROJECT CALICUT UNIVERSITY

ISM & REWAD PROJECT

Rewad Foundation (Rehabilitation Education and Welfare Activities for Differently Abled) is an organization operating since 2019 under ISM, the youth wing of Kerala Nadwatul Mujahideen, with an aim of comprehensive development of the differently abled.

The proposed state level office is to play a leading role in all activities related to differently abled persons in India in general and Kerala in particular. Below listed are the highlights of this office.

1. Audio Video Studios

These studios prepare books including Quran in other languages in video format for the hearing impaired and records periodicals including Quran for the visually impaired.

2. Prayer Hall

REWAD aims to build a disability friendly mosque with modern infrastructure to provide the best facilities for the differently abled in Kerala.

3. Conference Hall

REWAD envisions a disability friendly Conference Hall to conduct all activities including disability related seminars and project work.

4. Library

REWAD aims to set up a library that will be useful for research students and other people who have wide reading habit. Apart from traditional book libraries, REWARD also intends to launch audio and digital libraries.

5. Guest Room

REWAD intends to set up a bath attached disability friendly guest room for key persons visiting the office.

ISM & REWAD PROJECT CALICUT UNIVERSITY

Calicut University established in 1968, holding NAAC A+ accreditation and spread over an area of 547 acres in the border of Malappuram & Kozhikode Districts.

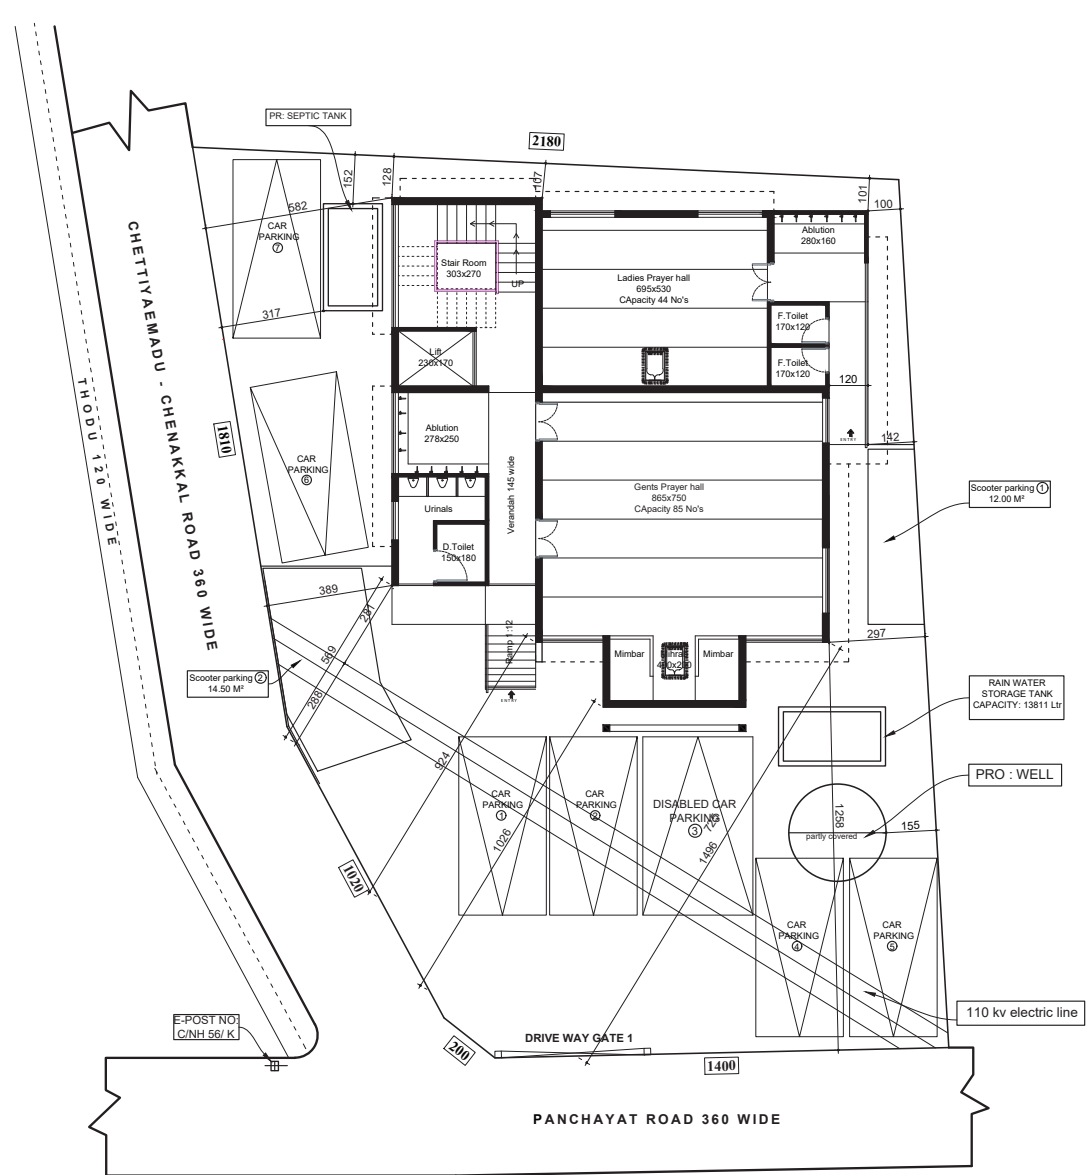

The MOSQUE and State Level Office of REWAD (Rehabilitation, Education and Welfare Activities for Differently abled) Foundation is planning to build here in 14 cents, just 100 Meters away from the National Highway.

The foundation stone has been laid down by TP Abdullakoya Madani, KNM State President to realize the concept of the country's first complete differently abled friendly mosque.

The interior and exterior of the mosque are arranged in such a way that it can be freely used by the differently abled. The office shall be equipped with modern facilities such as Audio Video studios, Conference Hall, Library and Guest Rooms.
